

In order to monitor your cabins water use and to check for leaks you have two options. You can download the EyeOnWater app for your phone (Iphone and Android) or go to www.eyeonwater.com. You can utilize both.

- For your PC, simply click on the “create account” and follow the instructions. You’ll need the Shaver zip code (93664) and your account id. See the list below for your account id.
- For your phone, download the Eyeonwater app (Iphone and Android). Once it’s downloaded, open the app and follow the directions. You’ll need the Shaver Lake zip code (93664) and your account-id (see below) and you're in.
- To see how to email or text yourself alerts, see the next page.

Emailing or Texting yourself when you have a leak

From your phone

- After you have established your account on your phone, click on account (lower right hand corner).
- Just below the map, tap on the arrow
- At the top of the next page select “Alerts” and Enable Leak notifications. From there you can configure when you want to be alerted. We strongly suggest you accept the default---you have used more than one gallon per hour for 24 hours. S
- By enabling “Push Notifications” you can add additional email addresses to be notified. You can also use text notifications.
 - If you want to use text, you must configure it as an email.
 - AT&T cellnumber@txt.att.net
 - Verizon cellnumber@vzwpix.com
 - T-Mobile cellnumber@tmomail.net
 - Sprint PCS cellnumber@messaging.sprintpcs.com
 - From your Computer
- Below the graph of that shows your usage, you will see more detail about your account (class code, account id, account name, etc). This is your “card”. Click on the Alert button and then
 - Select the box for continuous flow and then next
 - Set your flow limit. We suggest using 1 gallon then next
 - Add any email or text addresses (see above explanation for text) then next
 - Review you choices and then save.

What to do if you find you have a leak or left your water on.

If you discover you left your water on by mistake, call or email our Watermaster Mike McClennan. Michael will turn off your water at the box and you will have to turn it on the next time you are up.
